## LEWMAR Delta Fast-Set Anchors

Self-launching and fast-setting for quick anchoring without dragging. Designed to snugly fit a bow roller, the Delta can be dropped and retrieved without handling the anchor itself. The Delta's unique ballasting will right itself even if deployed upside down. Carefully engineered weight distribution and apex ballasting allows the Delta to start setting right when it hits bottom. Accommodates all chain and rope end fittings. A convenient trip line eye aids in retrieval when anchor is snagged.
